

JETT PARKER

Jett is limping down the street in his neighborhood to see that he has wondered upon the house with the kids again. The kids are once again doing their bizarre dancing. Zoe, Draven, Logan and Bodhi are moving around as Skyler guides them, until Jett walks up and surprises them, they all stop in their tracks.

JETT

Hey, what are you guys up to?

BODHI

Like I said it's classified.

SKYLER

Ignore Bodhi, hi, I'm Skyler, this is Draven, Logan, that's Zoe

and you know Bodhi.

Jett's eyes light up when Skyler smiled and looked into his eyes.

JETT

(Smiling) Hi, I'm Jett.

SKYLER

Yea, I know.

JETT

Really?

SKYLER

You'll find out this is a small town, word spreads fast.

Jett loses all interest in what was going on and is fixated on Skyler. Skyler just continues to smile than asks.

SKYLER

What are you doing later?

JETT

Not much, just unpacking.

SKYLER

Do you fly?

Skyler grabs her note pad and proceeds to write something down.

JETT

**Yea, we used to go on plane trips every year
for Christmas to see my Grandparents.**

Everyone giggles yet holding it in.

JETT

(confused)What?

SKYLER

**All right Jett, Meet me at this address
at 6 o'clock. (Handing the note to Jett)**

Jett is surprised and gets a little smitten, and boldly replies.

JETT

So, is this a date?

Skyler looks at him with a grin.

SKYLER

One step at a time, newbie.

JETT

(excited) So it's a date. 6 o'clock at this address. I'll be there.

Jett backs up blushing almost knocking over Bodhi's Bike. As he walks off, the group take turns looking at each other.
