

RYKER HAMILTON

Friday at The Fly Factory. Soundtrack music is thumping as we see teams practice and solo athletes perform freestyle in the tube. Jett looks around in amazement at how many people do this and of all ages. It puts a big smile of wonderment on his face until he hears a voice he was hoping to avoid.

RYKER

Looks like you took a wrong turn in Albuquerque new kid.

This, (gesturing to the room around them) This is my World and you're not in it.

Feel me? I mean seriously, look at you.

Ryker points at Jett's knee brace.

RYKER

You're Broken.

Jett looks at his crew and sees that Ryker has 2 black eyes and tape on his nose from the dodge ball.

RYKER

**Now these fine gentlemen will help you find
your way to the nearest exit. Won Tcha boys?**

MADDOX

Oh of course.

RUGER

We're here to help.

HAWK

Especially the new kids.

Ryker gets cut off when Skyler appears out of nowhere.

SKYLER

Well, what, Ryker?

RYKER

**Skyler, Hi. Our new friend here seemed lost
and out of place, we were pointing him in the right direction.**

SKYLER

Oh, really, well, in that case thank you for being so considerate.

But you could have just pointed me out, so he could find me and not be late for our date.

RYKER

Date?

Jett is shocked on what he just heard but grins.

SKYLER

Yea!

Over in the practice area Logan notices the commotion. Logan nudges Draven, Draven nudges Bodhi who nudges Zoe to see what's going on.

ZOE

Oh boy This should be good.

Skyler looks at Ryker.

SKYLER

Oh, he... He didn't tell you?

Jett Looks Puzzled

SKYLER

Yea, Jett's my date. (She looks at Jett) you didn't tell him Jett?

Jett responds stuttering

JETT

No, I , I , I.

SKYLER

(Sarcastically) Why would you not tell him?

Jett is now confused more than ever. Then Skyler winks at Jett covertly.

SKYLER

(Looking at Ryker) Oh Yea! Because it's none of your business Ryker!

Ryker looks out of the corner of his eyes to see the facility owner Tanner McAdams glaring at him with a stern face and shaking his head from behind the counter. Ryker looks at Skyler then back at Tanner. Tanner nods his head up and to the right to say "Time to go".
